OBJECTIVE

Computer Science Student with a solid understanding of Java Programming, Data Structures, and Full Stack Development, along with increasing knowledge about Artificial Intelligence/Large Language Model technologies like Retrieval-Augmented Generation and Prompt Engineering.

EDUCATION

- Lakireddy Bali Reddy College of Engineering | Mylavaram.** Aug 2022 - May 2026
Bachelors of Technology in Computer Science and Engineering 8.3 CGPA.
- Sri Ravi Junior College | Kapulapalem** Sep 2020 - Mar 2022
Intermediate in Mathematics, Physics, and Chemistry (MPC) with 70% marks.
- Z. P. High School | Gadilanka** Aug 2019 – Mar 2020
Secondary School Certificate (SSC) with 562 marks.

SKILLS

- Programming Languages : Java, C, JavaScript
- Proficient in DSA : Arrays, Linked Lists, Stacks, Queues, Trees, Sorting & Searching
- Web Development : HTML, CSS, JavaScript, Angular
- Databases : SQL, MySQL, MongoDB
- AI & LLM (Foundations): Prompt Engineering, RAG Concepts, Embeddings, Vector Database Concepts
- Cloud : AWS (Basics)
- Tools & Version Control : VS Code, Postman, Git (GitHub)

PROJECTS

LearnHub – Your Center for Skill Enhancement | [LearnHub-Your-Center-for-Skill-Enhancement.git](https://github.com/NaveenKoppisettnaveen/LearnHub-Your-Center-for-Skill-Enhancement)

- Developed a full-stack platform with role-based dashboards (React, Node.js, MongoDB)
- Implemented JWT authentication and REST APIs for secure user management.

My Portfolio | <https://naveenkoppisettnaveen.github.io/portfolio/>

- Developed a responsive portfolio using MERN stack and modern UI design.
- Deployed full-stack application showcasing projects and skills.

Blood Bank Management System | <https://github.com/NaveenKoppisettnaveen/BloodBankManagement>

- Developed a donor and inventory management system using Java Servlets & MySQL.
- Enabled real-time tracking of blood requests and availability.

RAG-based Chatbot (Python, Ollama)

- Developed a RAG-based chatbot for document-based Q&A
- Implemented text chunking, embeddings, and cosine similarity for retrieval
- Integrated local LLM (LLaMA3 via Ollama) for context-aware response generation

CERTIFICATIONS

- SmartBridge Educational Services** - Full Stack Development(MERN)
- Eduskills** - Java Full Stack Developer(Virtual Internship)
- Summer Training at Bitzron Softech** - Intern – MERN Stack Developer
- Hacker Rank** – Java, Angular, SQL, JavaScript, Problem Solving, Software Engineer Intern
